Wildflower Cafe Outdoor Dining & Take-out - Inside the store is open though indoor dining is closed. When the times change the Wildflower Cafe shifts and pivots how we can continue to create awesome food and great experiences. **Since we do not yet have full staff, we are limiting our hours. We will wow you with our charm and deliciousness as best we can though\we are not full service dining like indoors.** We appreciate your patience while we navigate these circumstances.

Wildflower's award winning delicious food, ambiance, atmosphere and the full service experience are the combinations that have made us regionally famous. New times, New ways... *Our friendly Wildflower family will greet you and welcome you to the store and place your food order. We have lovely places for you to dine on our terrace and lawn under tents or trees. All meals are served in take out containers. We have lots of availability so reservations are necessary, it is first come first serve basis. There are also nice places around town to have a picnic. You could bring a blanket or tailgate as well.*

*

Store is open with New Art! *We are requiring masks to come visit the store and pay for meals. We are not requiring masks outside. If you prefer not to wear a mask then we can take your payment outside and we provided porta-potties on the west corner of the parking lot. Wildflower closed recently due to a possible exposure to the staff. We are now requiring all staff to be tested before coming back to work. We will also check staff temps daily. Our caution is not to make a statement but just to do the best we know how to do.*

Please continue to check the website. We will be updating it as we know more.
